Remembering Roger McOmber

Roger was a long-time, devoted member of our church family. His attention to detail was evident as he tended to many behind-the-scenes tasks. He had served as chair of the trustees and during that time, most days could be found doing some caretaking either inside the building or outside on the church property. Many of his handwritten notes and instructions can be found around the church – his fingerprints are, literally, everywhere. He was also Financial Secretary for many years taking care of counting the offerings and other donations and making the weekly deposits. As long-time member of the worship committee he took care of changing the paraments and served as an usher, acolyte, headcounter, church bell ringer, etc...

Roger showed what it means to have faith in God and walk with Jesus. He faced his illness with strength and courage. He always gave 100% in everything he did. When he was first diagnosed with cancer, he said “I’m going to fight, I’m not giving up.” And fight he did. With every setback he said, “Oh no you don’t – I’m still fighting.” He stuck with the battle plan to the very end, not wanting to leave his family with any unfinished business. He fought a courageous battle but knew in the end when it was time to surrender. Roger was tough, courageous, caring, loving, and generous. He had a fun-loving, mischievous sense of humor, and a knack for “fixing” just about anything so that it would work the way he wanted it to! Roger was a role model. Humble, thoughtful, thankful, hardworking. Dedicated to his family and friends. We were lucky to know Roger. He will be greatly missed.
